## MOZ'S MONSTER MUSIC MIX

Last Friday SHPS students were dazzled by a fast paced theatre performance called "Moz's Mini monster Music Mix".

We travelled through the different ages of music with a wonderful puppet called "Moz".

We began with classical music, through to blues, rock and roll, heavy metal, country, grunge and ending a with hip hop challenge.

Everyone really enjoyed the opportunity to be entertained and have lots of fun.

# Principal's Column

Hello, Giinagay, Hai,

### End of Term Assembly

Next Friday afternoon is our end of term school presentation in recognition of outstanding achievements from students of all year levels and their contribution to the school community throughout the term, including the medals for individual champions from the swimming. This is a whole school event that is led by our school captains, and attended by staff, students and families. It is an afternoon for the school community to celebrate learning and showcase our talented students with performances from the school band and choir. Thanks to all involved and it promises to be full of talent, laughter and plenty of applause.

### Volunteers

Thank you to all the many volunteers that give up time to come into school and help with activities such as listening to readers, general help in class and supporting on school trips and visits. We really do appreciate everything you do to support our students at Scotts Head. If there are any other parents who can offer any help to the school, please do not hesitate to contact your child's class teacher.

A huge thankyou to Carly King, the P&C and all the families that made cakes and slices for the fundraising during the voting day.

### TAFE

The original concept for the Gumbaynggirr Pathways to Learning Project - Bush Tucker Track was initiated through conversations with members of the local Aboriginal community. The project involved a range of community groups and has been growing and developing since 2012. Local Elders have provided knowledge of flora and fauna and edible and medicinal plants. TAFE students have been part of the journey from the beginning as they have assisted with building, construction and designing of the various learning areas. A huge thank-you must go to the TAFE groups and their teachers, which have been involved in the retaining wall since September last year. The project has now been completed and what a beautiful job, the garden looks fantastic. Thanks to all the people who have been involved in this project, the Kitchen garden team are ecstatic.

### Congratulations

Congratulations to Harry and William Devereaux who have made it to the next level in the AFL try-outs. Good luck Boys!

Thanks, yaarri yaraang, terima kasih.

Bu Gillian

## Buckling up on school buses

Some school buses will look different now with the introduction of seat belts into Busways' fleet.

By law, passengers in a seat belt-fitted vehicle must wear the seat belt. If your seat has a seat belt, you need to buckle up - the way you do while travelling in a car.

Each seat will have three seat belts so you get to share the seat with one or two of your friends! It's important that you clip in your seat belt without having to be asked by the bus driver as they need to focus on driving the vehicle safely.

By law, you won't be able to stand on the bus once yours has seat belts - you must sit in a seat and wear your seat belt correctly. Don't forget to 'click clack'.

**Parents** - It would be a great assistance if you can help by talking to your children about wearing their seat belts on the bus without waiting to be asked. It is just like getting in the car - if there is a seat belt on their seat, they need to buckle up.

## Learn About Scotts Head

### L.A.S.H Speaker Series

*1st Thursday of the month*

**Thursday April 4**

Introducing LASH talks at The Hub on the first Thursday of every month starting on 4 April. The Scotts Hub will have an evening of expanding your mind. About what? About Scotts Head and its beginnings. We call these talks LASH talks, Learning About Scotts Head. Our speakers will trace the history of our beautiful village and surrounds from its very earliest beginnings.

LASH One on 4 April will cover how the land formed. There is an Indigenous and a scientific view.

Michael Jarrett, a Gumbaynggirr man, will recount the Dreamtime stories that tell us how the various features in our landscape formed, like our headland, the coast, Yarriabini, the Warrell Creek and the Nambucca River etc.

John Schmidt, trained in the earth sciences and a local of many years, will give us the scientific view on how the land we live on was formed. John points out that there are many similarities in the indigenous and scientific views.

We plan on beginning the evening at 6.30pm with Italian grazing and a drink. The talk will start at 7.30 pm finishing at 8.30pm. Sweets, coffee/tea etc will be served to accompany lots of nattering. We see the LASH talks as an opportunity for us all to get to know each other better.

Cost \$29/head.

Johnno and Janet/Michael Blockey

## Bush Tucker Mob

Hello potential member of the Bush Tucker Mob

We have been establishing a Bush Tucker Forest at the Scotts Head School. It is in need of loving care! I'm trying to form a group of 'carers', say 10 to 20 of us, called the Bush Tucker Mob.

We would gather at the school every month for 3 hours to manage the forest, to work with the kids (planting, harvesting etc), preparing meals in the school kitchen and, most importantly, learning about bush tucker from visiting experts.

To work with the kids we need to fill out a Working with Children form. I passed the 'test' so I'm sure you will.

They are delightful kids so please join the Mob!

Could you get back to me ASAP? I'd like the Mob to have passed the 'test' and working hard in the Forest in 2 weeks time!

Just a reminder, the first comp for Boardriders is this Saturday at the Point 8am sharp.

Please check Facebook for any changes.

SunSmart Snippet

## The simplest way

... to choose a SunSmart hat

A SunSmart hat not only protects the face, head, neck and ears, it can also reduce the amount of UV radiation reaching the eyes by 50%.

### CHOOSE a SunSmart hat:

- Broad-brimmed hats
- Bucket hats
- Legionnaire style hats

Baseball caps and sun visors do not protect the cheeks, ears and back of the neck and are not recommended.

To help keep your kids safe in the sun, check your schools SunSmart status by heading to [www.sunsmartsnw.com.au](http://www.sunsmartsnw.com.au)
